INDEPENDENCE

At Riverview, we offer life planning that includes independent living homes and apartments, customized assisted living services, and state-of-the-art memory care.

Your lifestyle choices extend beyond your home. This is the opportunity to explore all those activities you've always dreamed of.

The freedom to travel comes with your maintenance free Riverview Village home. Riverview also provides grounds care, home maintenance, snow removal and neighborhood security services to every Village resident.

If you are ready for someone else to do the cooking and cleaning, you can enjoy your own Terrace independent living apartment. If you need additional assistance, we also offer assisted living services in the Terrace, even providing flexible living options that allow couples requiring different levels of care to stay together in the same apartment.

CHOICE

Our committed and caring professionals are always available to help you explore the different living options available on our campus.

If memory becomes a concern, Riverview Memory Care is a secure and state-of-the-art care facility reflecting excellence in dementia and Alzheimer's care. We offer a home-like setting with a personal touch... where we get to know your loved one and enhance their quality of life.

Our aquatics and fitness center includes a lazy river, lap pool, therapy pool, hot tub, workout room with the latest in exercise equipment, and an indoor walking track. Our workshop has equipment for everyone from the beginner to the experienced craftsman.
